Well then
"The power of the light that shatters the darkness of evil"
this
How would you like to go and have lunch together?
There's a town somewhere down the forest
---was what I wanted

Because if you keep on eating only these

Oh no
Why should we let you treat us?
I treat

It's not - we eat canned food all the time!
Won't it be bad for you?

considering what you said

家酒苑利

Another one of this------
That's 'cause it's someone else's money
You do eat a lot

Why are you turning back again?
Didn't you come from the west?
It's not as if you ever used your own money

I thought I've said it before? Our aim is to exterminate youkai

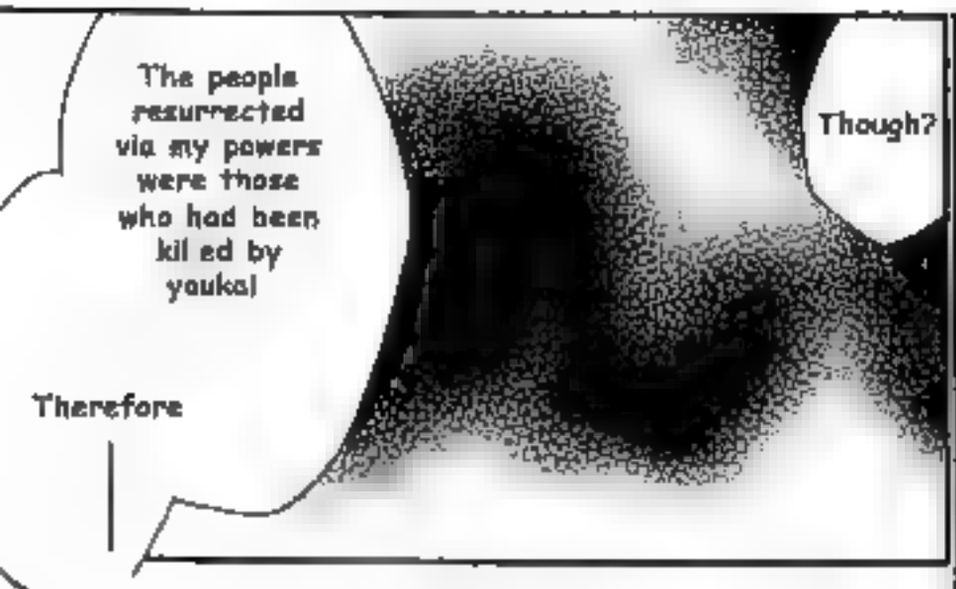
Ah, actually, we have always wanted to hear more about you.
I see
And for some reason, Sanzo-han's group is being targeted by youkai, which is all well for us, because I was thinking that even more of those youkai will appear if we move together

Are there any side effects to those instances of resurrection?

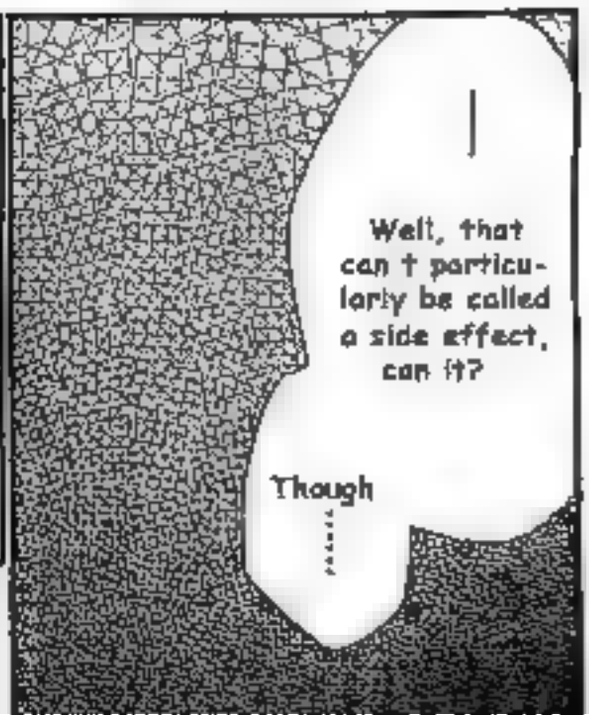
Heh~ What about?
For example, about those who were revived by your powers

Is anything the matter that's worrying you?

Other than that, nothing seemed to have changed from time when those people had been alive. So I was wondering if it is really possible to resurrect the dead.
Well, no, it's just that everybody's eyes have generally become yellow



The people resurrected via my powers were those who had been killed by youkai
Though?
Therefore

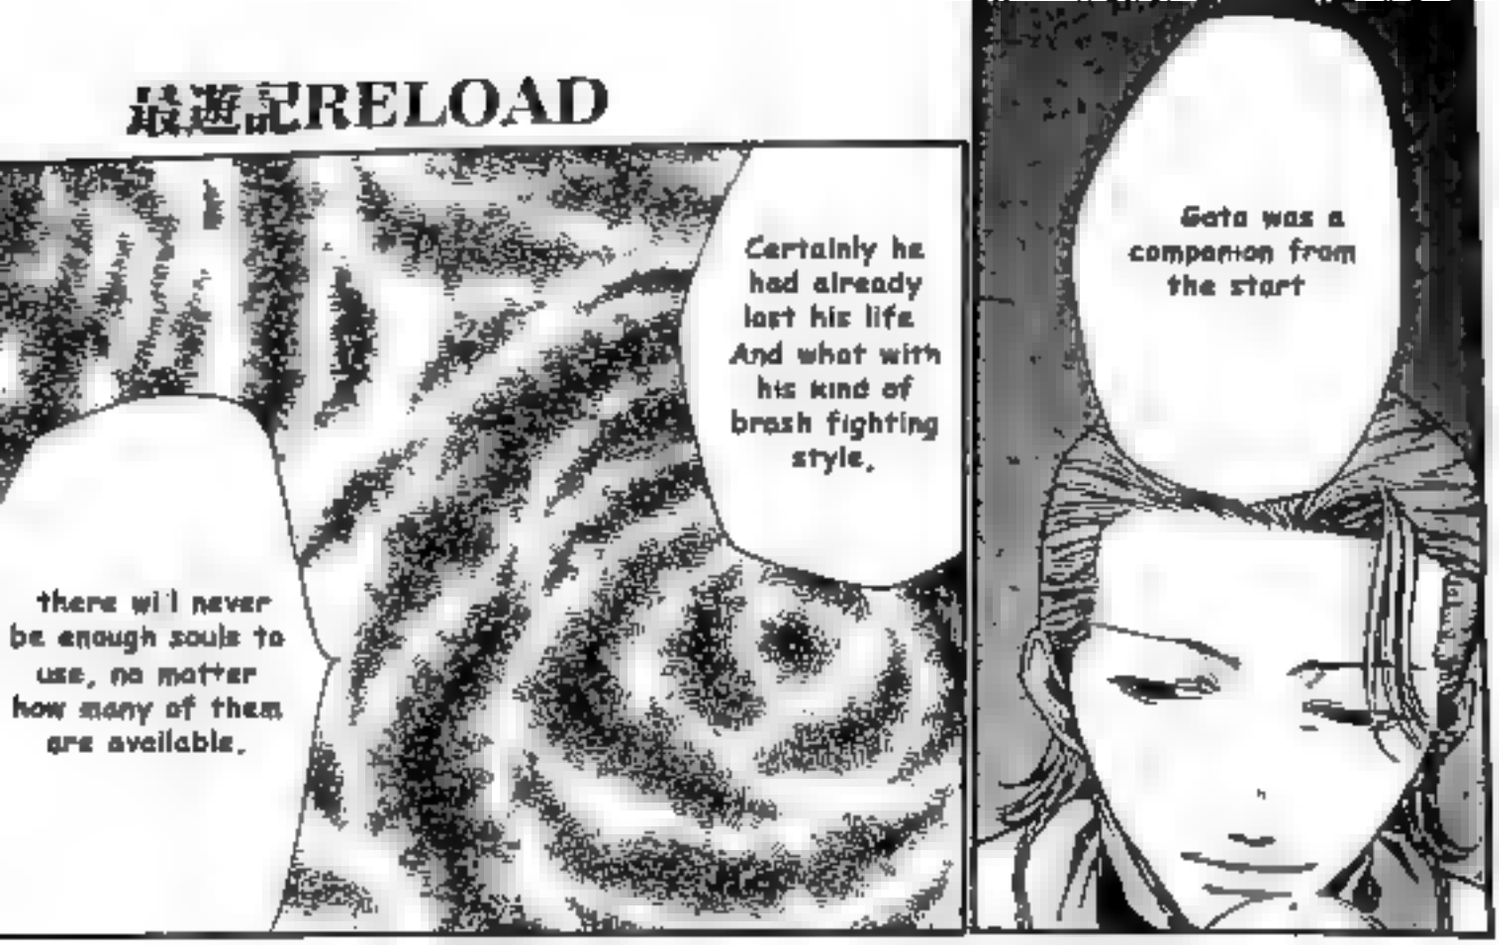


Well, that can't particularly be called a side effect, can it?
Though

They confront youkai with a similarly revived hatred
I can't prevent that from happening
as long as I have my powers

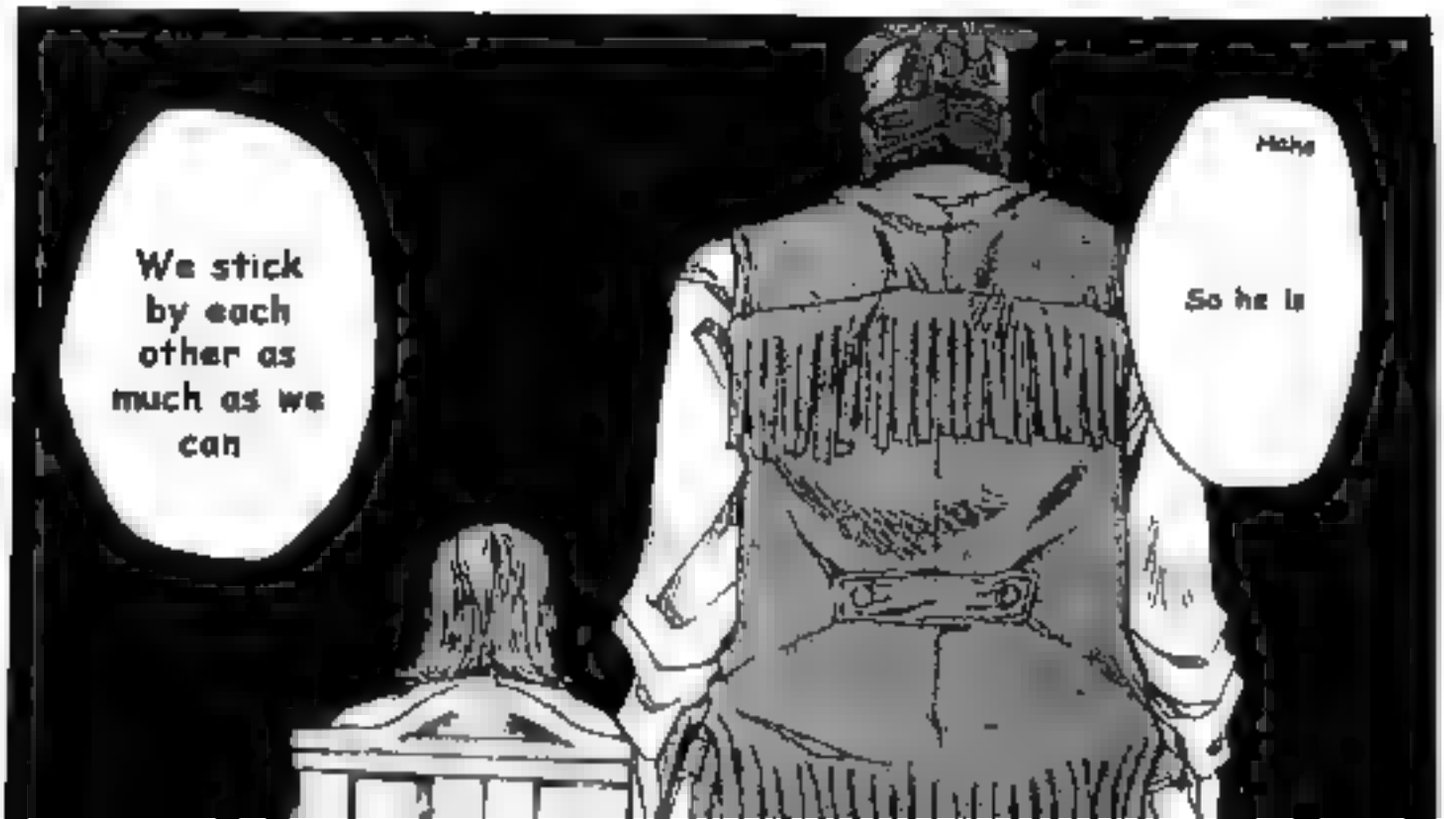
Hey
This is good Have some tool

You needn't worry about Gato.
No. I
Those resurrected people
It is possible to make them serve you?



Gato was a companion from the start
Certainly he had already lost his life. And what with his kind of brash fighting style,
there will never be enough souls to use, no matter how many of them are available.

So he's an adept and unkillable bodyguard, huh?
Nevertheless, he will still go all out just for me
He's a very important companion.



We stick by each other as much as we can
Haha
So he is

By the way, what is the purpose of your travels?
A monk and his disciples
?
I don't see that a lot
Ah? Oh Well that-
Some minor business to attend to
Not disciples
Servants.
He said that again.
He hadn't said that for some while.
I thought he'd say that
Haha
I see
And, Sanzo-han was truly fantastic just now

With a sutra like that it's no wonder youkai target you.
Ah--
You realized?
your pendant is some special item too I suppose
see these numerous holes? I can store the souls in them
Look
The key to it is precisely its shape
It's a strange shape
I use this pendant as the vector through which souls are collected
The shape?

What happened?
Yes, actually
1 Hour Earlier
"Save the town" you said

A year ago, youkai started living in the forest that lies 7 kilometres away from this town
Hou
the youkai came
attacked?
No, they don't enter the town, but
That forest connects us to the neighbouring town as the shortest route
Those who wanted to go through that place successively fell victim to the youkai
Men were killed, women were many of their whereabouts are still unknown
Gone missing huh Could everyone have been eaten?
Who knows

Please, Hazel shikyou samall
That s a painful tale
Use your power to destroy all those youkai!
Or, they could have been intentionally kept alive.
Just, somehow
An Please don t pray like that
Hazel-sama
While it is regrettable, I am not God

Thank you very much, shikyou-sama!
Thank you very much!
Yes
But it's a wonderful thing, isn't it?
Somehow it's frightening
Hazel-sama...!!
Well then
It's best to hurry
In which direction does the youkai base lie?
It's in the of a small shrine in the forest which is southwest from here
It's a little far though...
That really doesn't seem to fit
What are you trying to say.

Because we have a fast mode of transport
Aa, you don't need to worry about that
Hah?
Ueh !?
Right?
Don't say such cold things
It's not going out of your way, is it?
You people are heading towards the west too, no?
That's certainly true, but
A ride will be fine. I'm not looking to borrow it off you.
It's you who accepted the request!
It's got nothing to do with us

I've wanted to try riding that once~
Besides?
It is not a tour bus you know

Ch
Ended up with some troublesome stuff

Isn t it good?
There s a saying "It s the company that makes the journey pleasant", isn't it?
That s a phrase that'll never have any association with me
You really don t like company huh

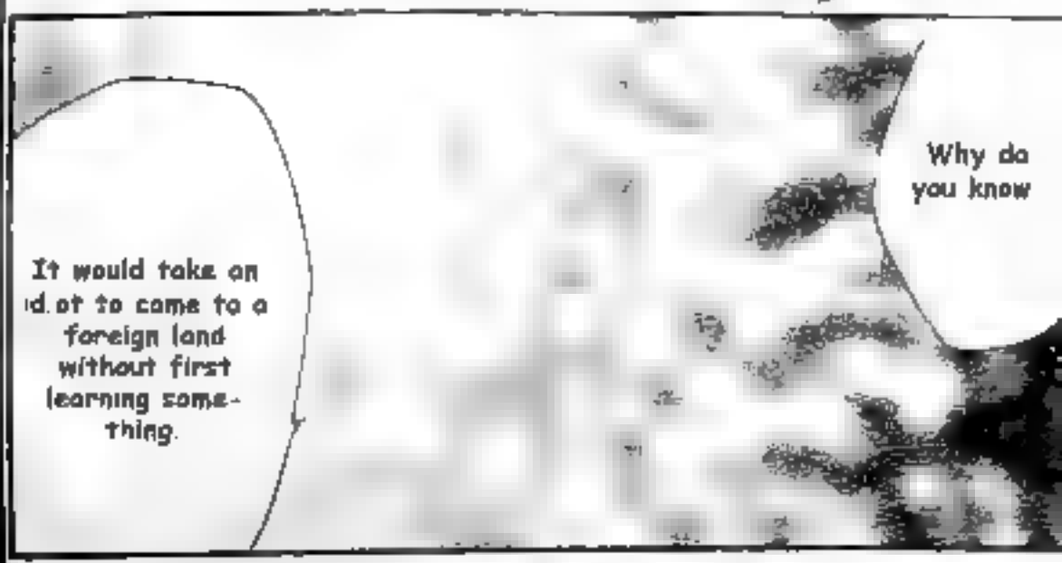
"Sanza Houshi"
Protector of the Tenchi Kaigen kyoumon, yes?
The title of the highest priest who unifies Tougenkyou

Don't make such a scary face~~~
It mars a good man
.....



It would take an id.ot to come to a foreign land without first learning some-thing.
Why do you know

What purpose do you have in approaching us?

That's a mean thing to say~
Talkative men are an untrustworthy lot

Meeting you people had really been a pure coincidence
so, Sanza-han, why are you wary of me?

Heh--- That's troub.esome.

There s a youkai child who's come from the forest down to th s town

and is stealing a lot of food.

He s sti l young, so he probably won t attack humans

Just take care so that none of your things get sto en as well

I'm done

Gojyo, we're eating.

Woaah. You're going bathroom together?

(ed note Hazel's trying to follow the youkai child)

The opportunity has presented itself.

I'm sure you had wanted to do something as well for that child yesterday?

You... Haven't you learnt your lesson yet?!

You really made it sound like I'm a bad person
Don't you go around using that power anyhow
It's dangerous!
That power of resurrection really ought not be used too much, I think.
It's not that kind of problem is it now!
Haven't you ever had this thought once?
I may not know what kind of life you have led, but,
"What will happen if this person came back to life"?
.....!!

I'm not a fool. I understand the dreadfulness of this power

I don't use it if I can help it

. As such I decided to

make use of only youkai souls for resurrection

And your point is?

.....

In other words, your true purpose is---

That I will do it until youkai no longer exist on earth

"To eradicate the existence that is youkai?"

The occurrence of youkai going crazy in Tougenkyou is due to an abnormal change

If you found and stopped that culprit, do you have the guarantee that the youkai will return to norma ?

We are now heading west for the sake of finding the culprit of that abnormality.

That's .....

Them going crazy -- isn't that their true self to begin with?

In the first place, the system of harmony cannot be established

Youkai -- called monsters -- residing in the continents outside of Tougenkyou

are creatures of darkness that threaten people's lives

Putting aside all the youkai so far, I don't see why you have to sacrifice a child.

You

.....

.. You really are barbaric.

Yes, because we are youkai

Even if that is so,

"But you probably knew that long ago, didn't you?"

Kindness my ass //

Just kill and all will be well, is that so?

..I pretended not to notice out of the kindness of my heart

If you detest youkai that much, try to kill us

My luck isn't too bad~
